****Important Change****

Capital Accounting is making the shift to use less paper; **we will be emailing you your tax return once it's finished** to the email provided above using your Social Insurance Number as the secure password. We will prepare your 2022 personal income tax return based on the information provided to us today. Processing times take up to 2 weeks. If we do not have all signed forms or documents needed and payment on account once finished we will not file to the Canada Revenue Agency and this could result in late filing penalties and/or interest. By signing I understand that a reprocessing fee of \$50 will be charged if any slips are handed in after Capital Accounting processes my paperwork.
